COLIN WHITE

Manager, Product Planning and Engineering Support, Isuzu Australia Ltd.

Colin White has 36 years of professional engineering experience in the transport industry, including previous product engineering and product planning experience with Melbourne based major truck manufacturers Kenworth, Daimler Chrysler, Iveco and Isuzu Australia Limited. Colin joined Isuzu Australia as Product Development Manager in 2005 and recently assumed the role of Product Planning Manager.

Mr Colin White
Isuzu Australia

Isuzu CNG fuelled Truck Models - Technical features and Operational Experience.

The presentation will cover

- Natural Gas as an automotive fuel, including pricing
- The new Isuzu CNG model range,
- Technical details of the Isuzu MPI CNG engines and fuel systems
- Emissions performance of the new Isuzu MPI CNG engines, relative to diesel standards
- Isuzu local testing experience and customer feedback.

PHILLIP WESTLAKE

Business Development Manager, Orbital Autogas Systems

Phil Westlake has 23 years experience in the Australian LPG industry including installation and repair, technical support, customer service, communications, sales and business development.

Before moving to Orbital, Phil spent 11 years at the peak industry body LPG Australia as part of a team who have lifted the profile of LPG in Australia.

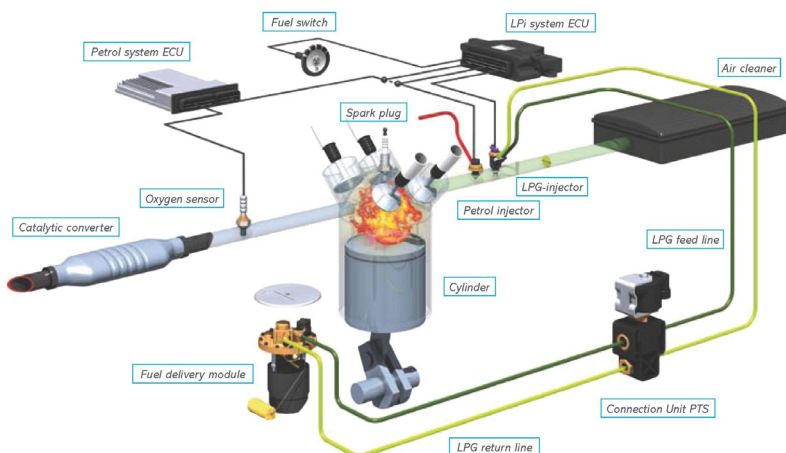

Next Generation Liquid LPG Injection

The presentation will cover:

- Who is Orbital and how they got involved in LPG
- Liquid LPG Injection (LLi)
- How LLi Works
- How LLi compares against other technologies
- Benefits of LLi vs petrol
- Where are vehicle manufacturers heading

Mr Phillip Westlake
Orbital Autogas Systems
